Unmasking A Southern Beauty,

The Gem of Desaru

Imagine a beautiful location with luxurious villas by the sea, waking up everyday with a breathtaking view of the coast. This is not a dream, as Minor International, an award winning developer is debuting it's luxury branded residences at Desaru.

Anantara Desaru Coast Residences offers a unique coastal lifestyle with a collection of luxury villas for sale, complete with access to exclusive resort amenities, amidst the stunning Desaru Coast. With only twenty residences available, this development is a benchmark of prestige and exclusivity, an upcoming vacation destination with championship golf courses, water parks, beach recreational activities, shopping and dining experience.

Anantara Desaru Coast Residences features 20 units of three- and four-bedroom private pool villas, each with mesmerizing views of the South China Sea with a direct access to an endless stretch of private beach. The elegant villas range from 3,100 to 6,426 sqft and offer indoor-outdoor living space with natural light and ocean breezes coming through floor-to-ceiling windows, open dining and lounge areas and expansive pool decks. The entity is also surrounded by lush foliage as an added privacy. The spacious en-suite bedrooms also play a part in boasting the views of the infinity pool, the beach and the ocean.

The residences are managed and serviced year-round by the adjacent Anantara Desaru Coast Resort & Villas. Owners and residents get to enjoy exclusive access to the resort's five-star amenities. This includes a private beach, a lagoon pool and an ocean-fronting infinity pool, Anantara Spa, fitness centre, kids and teens clubs as well as myriad Malaysian, Thai and international dining options.

Desaru Coast's vast growth potential as a luxury destination, coupled with Minor International's decades of experience in branded residential management, make Anantara Desaru Coast Residences an excellent investment opportunity.

With such perfection of excellence and track record, the property is worth its price and it is a gem for your investment. It is now available for purchase and the starting price is MYR7.5 million.
